Discussion

For the detailed agenda see: GitHub Issue 27

1. Approval of Previous Minutes

   See link: Minutes from Meeting No.19 - approved.

2. Planning Activities

   - Steering Committee Election 2021: see 2020 details
     
     The committee discussed the upcoming election and has decided to follow a similar timeline as the 2020 process. This sets the provisionally start date at 11th Oct. It was also agreed that a series of website posts should be scheduled for publication to promote the association’s activities and generate more interest in potential candidates.

     The committee discussed the recent Birds of a Feather session, which ran successfully despite some technical difficulties. The output from this session will be aggregated with the previous session at C3DIS to inform the content and format of the upcoming BoF session. Slides and output

   - eResearch Australasia 2021: BoF abstract
The committee discussed various options for format and content for the upcoming session and agreed that it should build on the previous sessions. Action items have been created to cover the preparation and content for this session.

- **eResearch NZ 2022: [conference website](#)**

  The committee agreed to submit a proposal at this conference. The format and content is yet to be decided. Note: submissions close Sun 10th Oct.

- The committee discussed the availability of resources for association activities in the rest of 2021 and forward into 2022. There was some confusion as to what could be provided by external organisations. It was agreed that clarification should be sought as to the format and content of requests for resources from these organisations, starting with the ARDC.
